Finance Division
Strategic Planning for Student Achievement

SBB Training and Appointment Based Schedules

SBB Training

Training is on *Thursday, February 11, 2021*. This training will be both a refresher and to review what is new in SBB. There is a separate time for new principals (new to district/site/SBB) that is in the morning where we will dig deeper into the details of the SBB Tool.

The Course number to sign up in Professional Learning is 14745.

New principals will be scheduled from 8-10:30

Veteran principals will be scheduled from 12:30-3:00

Appointment Based Schedule

The Finance Division and Human Resources have been hard at work planning supports for sites to complete the Site Budget Build process. After much reflection, we have determined that we will not host open labs this year via Zoom. We will instead conduct appointment-based support. At your appointment, your Resource Teacher, Site Analyst, and HRO will be present to support you.

We have created a schedule in an attempt to provide each principal with at least one 45-minute support session. At this time, please sign up for one time slot. If additional time slots are needed, please contact your Finance Resource Teacher. Below are the links to sign up for your appointment.

Principal Scheduling Link: [February 16 and 17, 2021](#)

Lincoln Cluster	UC and Morse Cluster	San Diego and Kearny Cluster	Henry Cluster, Atypical, and Riley	Madison Cluster
-----------------	----------------------	------------------------------	------------------------------------	-----------------
