Federal/School Setting Update

All students aged 5.6 years old with IEPs must have their IEPs updated to show the correct Federal/School Setting location by their **sixth** birthday. This can be done by completing the current IEP or An Agreement to Amend Without Convening a Meeting. Currently, all IEPs must be updated by June 25th, 2018.

Students with IEPs 5 years of age will have a Federal/Preschool Setting:

FEDERAL/PRESCHOOL SETTING (ages 3-5) ←

Reg ECE/K, 10> hrs/wk, majority of SE in other loc

FEDERAL/SCHOOL SETTING (ages 6-22)

The IEP must be amended by the student's 6th birthday to drop the **Federal/Preschool Setting** location and now have a **Federal/School Setting** location that matches what they are currently receiving, such as:

FEDERAL/PRESCHOOL SETTING (ages 3-5)

FEDERAL/SCHOOL SETTING (ages 6-22) ←

Separate School

The system has been set to not allow this change to occur for the student prior to 5 years 6 months of age.
