## TO ALL SCHOOL PRINCIPALS

### TUBERCULOSIS CLEARANCE FOR SERVICE-LEARNING STUDENTS

Tuberculosis (TB) testing **IS NOT** required for secondary students participating in service learning. Public health officials have found that random or mass screening for TB among high school students is not an effective method in controlling TB and do not recommend testing. Based on this fact, students can continue to volunteer at elementary levels without a TB testing requirement.

For additional information, contact the Community Relations Department,  
(619) 725-5592.
